Walking Sticks & Canes - Page 10

Welcome to Glenmore.

We are a family run business established in the 1980's, with an emphasis on quality products, expert knowledge in the mobility field and informed, friendly and knowledgeable staff.

Initially having a shop in Edinburgh, our expanding customer base has meant expansion into our new warehouse in Bathgate was essential

We carry a huge range of mobility and disability products, as well as a full range of electric riser chairs and beds. We offer a FREE assessment of your mobility needs either in our showrooms or in your own home.

We also offer demonstrations in nursing homes and care homes.

Being a local company means we are able to cover eastern and central Scotland and offer a personal service tailored to your individual needs.

Whether you're looking to reclaim your freedom and independence with a mobility scooter, looking for an electric riser or bed to help with your needs around the home, or simply looking for an aid to help with daily living, we at Glenmore have everything you need to enable you to live life to the full.

Scooters

Nothing compares to the feelings of freedom and independence having a scooter can bring. Whether it's a small car-boot model, perfect for a trip around the shops, or a larger road-going scooter able to go the distance on days out, you'll find the full range at Glenmore.

Pay us a visit at our Bathgate warehouse or our Edinburgh store for a trial run and a comprehensive FREE assessment of your needs, alternatively if you are house-bound we will bring our scooters out to you, to try in your own environment.

We at Glenmore are proud of our wide range of scooters and of our expert knowledge and ability to assess your needs and match you up with the perfect scooter for you. We offer full after-sales support with our scooters and offer two FREE yearly services with every new scooter.

So call us now for your FREE assessment and enjoy the freedom of being mobile again.

"When my arthritis made it difficult for me to get around, Glenmore Mobility helped me find my independence again. I love my new scooter and the freedom it allows me. I couldn't thank them enough."
